Beneficios del producto

- HSS-TiN metal drill bits with titanium nitride coating. The metal drill bits with titanium nitride coating excel through their long lifetime and high strength. For fast, clean drilling in the most diverse metals, plexiglass and hard plastics (not suitable for use with aluminium).
- Durable, carbide-tipped masonry drill bits.
- Standard wood drill bits and spade bits for increased cutting speeds and drilling clean, precise holes in wood.
- Holesaws for feedthroughs on ceilings, walls or furniture. Suitable for hard/soft wood, veneered wood, chipboard and plasterboard.
- 40 screwdriver bits with Phillips, Pozidriv, Torx, hex and slotted heads and 8 nutsetters for all common screwdriving applications.
- Robust plastic case with clearly arranged content layout; can also be refilled if necessary.
- Suitable for all power tool brands.
- Note: When drilling metal, the use of coolant is recommended, e.g. Bosch universal cutting oil 2 607 001 409.
- Note on safety: Please wear appropriate protective clothing based on the application: Metal drilling: Protective glasses Wood
